

AVSA MOST WANTED September 2010

Barbara Elkin

Vintage Violet Committee
2855 Gayle Lane
Auburn, CA 95602-9674
Email: bjabar@earthlink.net

To be listed on the AVSA Master List of Vintage Violets, a plant must be at least ten years old. This year, I have taken the plants, introduced in 2000, both registered and non-registered, and placed them on the "Master List". I glean all the Vintage Violets out of the commercial catalogs and thru inquiries from you, the readers. Most of the commercials now give the registration number and some are giving the supplement date when they were first listed. The catalogs are sent for, picked up at the National Convention, or down-loaded on line.

Now comes the easy part. If you desire a certain plant, that meets the criteria above; you send that name to me, preferably by email. I then look on the "Master List". If it is available, I then send you the name and address, or email address of the person growing it. If it is then shipped, common courtesy

says to refund the postage. If it is not on the list then it will be placed on the AVSA Most Wanted List. The "Wanted List" has grown significantly. 'Purple Crest' was on the Wanted list for eight years and finally showed up! So don't give up hope! Please give your **FULL NAME** and your **street address** for my records as some people are not online. I am still looking for Adeline from Texas and Marilyn W. Full names please!
As you can see, the "Wanted List" has grown even more. Please read it carefully as someone out there is trying hard to find the following:
