## [African Violet Society of America](#)

Weekly Growing Tip!

*[It's a Puzzle!](#)*

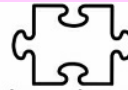

### *Growing Violets Can be Puzzling*

Most of the time, African violets are pretty easy to grow. Get the [watering](#) right. Get the [light](#) right. With those two things in place, your violets should thrive. But, as many growers know, sometimes other factors interfere and even the best grower may be really puzzled. "What's missing? What am I doing wrong?"

The [African Violet Society of America](#) has made it our mission to master the puzzles of growing African violets. We link violet growers and [suppliers](#) with the best [research](#) and [growing methods](#) to solve your puzzles. Add that [AVSA](#) piece to your collection & make growing more fun.

[Join AVSA today!](#)

Here's a Bonus! Enjoy [this fun puzzle](#) created by AVSA member Jeannie Myers just for you. The variety shown is "[Jolly Frills](#)", a delightful semi-miniature hybridized by Hortense Pittman of Texas. It will help you pass the time until your first issue of the beautiful [African Violet Magazine](#) arrives!
