AVSA Weekly Growing Tip

January 2, 2017

Greetings!

Welcome to the African Violet Society of America's Weekly Growing Tip email. We hope you benefit from our experience and expertise!

It's a new year. What will it bring to you? Obviously we hope for your happiness, world peace, and healthy violets, but, most of the time the new year is beyond our control.

So today, we offer you a challenge that is in your control, and it might make your year unexpectedly better. [Use your African violets to do something nice for some one else.](#) Here's some ideas to get you started:

- Give a violet to someone who needs encouragement and [explain the basics](#) of growing to them.
- Offer to [teach](#) a class or two on African violets at your local community college, botanical garden, or garden center.
- Organize an [African Violet Society of America affiliated club](#) in your area.
- Know an elementary school teacher? Ask if you can teach a special hands on lesson on [propagation](#).
- [Rescue a sick violet](#) at the office or in a relative's home.
- Write an article for the [African Violet Magazine](#) by April 1 and [maybe win a prize!](#)

Ma's Blue
Penguin

"Happiness is a by-product of doing what makes us feel fulfilled." (Dr. Benjamin Spock)

You may [contact us](#) with your violet questions or comments at any time.

Please share this tip with anyone who might be interested and invite them to [sign up](#) for their own weekly email from the African Violet Society of America.

Sincerely,

News from the [African Violet Society of America](#)

The holidays are over!

Amy Carruth, AVSA office manager, will be back at her desk on January 3, ready to handle all your orders and questions once again.
